Counting Our Blessings ... and Sharing Our Blessings

Dear Friends of Haiti,

Throughout the past 21 years, we have seen firsthand the beauty and the tragedy of Haiti. Just recently, the president was assassinated, gas prices are rising, gangs are causing havoc, kidnappings are commonplace, and another major earthquake has left death and destruction in its wake. Our brothers and sisters in Haiti need our support now more than ever.

As we count our blessings throughout this past year, let us remember those in need. Without being able to physically walk side by side up the beautiful Haitian mountains, let us not forget or become complacent. As we turn on our faucets with clean water pouring out, look through our packed closets and pantries, walk through our spacious homes, flush our toilets, cook on our stoves, and go to regular doctor and dentist appointments, let us remember our friends who do not have these opportunities.

Even though we are unable to travel there at the current time, we continue to support our friends through our contacts and interpreters in Haiti. We provide assistance for schools, seed for farmers, water filters, and support for community nurses.

We assisted those affected by the earthquake with funds for medical care, food, and housing by working with Bishop Toussaint. Although extremely grateful for the assistance, he tells us that there is much more that needs to be done every day.

Even facing all this and more, we are always amazed at the deep gratitude, profound joy, and strong faith our brothers and sisters constantly display! This holiday season as we count our blessings, may we become more aware of ways we can share our blessings with those in need.

We wish you a Blessed Christmas and a New Year filled with hope, health, and happiness. Thank you for your continued support that brings hope and aid to the people of Haiti!

Sincerely,

Tim
